

EDUCATION AND THE FUTURE OF INDIA

(Report of the seminar organised on the occasion of National Education Day)

Every year on 11th of November National Education Day is observed all over India, commemorating the birth anniversary of the great educationist, freedom fighter and first education minister of India, Maulana Abul Kalam Azad. This day is but one to assimilate all great that has been thought and done so far and propagate it through the medium of education.

With the same ideals in mind, the Department of Education, Dr. Harisingh Gour Vishvavidyalaya organized a seminar for the students of the department itself, on the topic, "Education and the future of India". The seminar was aimed at encouraging students to put forward their unique ideas and thoughts in a scholarly way, as done in any seminars of national and international level through a seminal paper presentation. The main topic was categorised into various sub-themes through different aspects concerning education-

- Relationship of society and education
- Gender and education
- Inclusive education
- Curriculum and its different aspects at different stages
- Role of teacher
- Role of parents
- Any other relevant topic

Students had to get their names registered before the day of the event and were asked to submit a written copy of their presented paper in not more than 1000 words. And they were given 5 minutes to present their ideas before the audience and the chairperson.

The seminar chaired by the Head of the Department, Dr. Rani Dubey, commenced the programme with offering flowers to the painting of goddess Saraswati and founder educationist of the university Sir Hari Singh Gour. Dr. Budh Singh, Dr. Preeti Wadhvani, Mr. Abhishek Kumar Prajapati, Dr. Dharmendra Kumar Sarraf and all the other teachers of the department honoured the programme with their esteemed presence.

Students of the department, Deepak Kumar (B.A. B.Ed. 5th sem.) and Ritik Mishra (B.A. B.Ed. 3rd sem.) compered the programme. Dr. Budh Singh as the co-ordinator of the programme gave brief introduction about the seminar and told this was a chance for the students to channelizing their energies in productive works through participating in such events and organizing them.

Following 12 participants presented their papers-

1. Akash Mishra B.A. 5th semester

2. Shubhank B.A. B.Ed. 5th semester
3. Aditya Gupta B.Sc. B.Ed. 1st semester
4. Shraddha Ahirwar B.A.B.Ed. 1st semester
5. Shiv Pratap Singh Tomar B.A. B.Ed. 5th semester
6. Sher Singh Lodhi B.A. B.Ed. 5th semester
7. Yukta Vijayvargiya B.Sc. B.Ed. 1st semester
8. Arpal Jain B.Sc. B.Ed. 1st semester
9. Komal Hiray B.Sc. B.Ed. 1st semester
10. Ritik Mishra B.Sc. B.Ed. 3rd semester
11. Parniya Mishra B.A. B.Ed. 5th semester
12. Niranjana Choudhary B.A. B.Ed. 5th semester

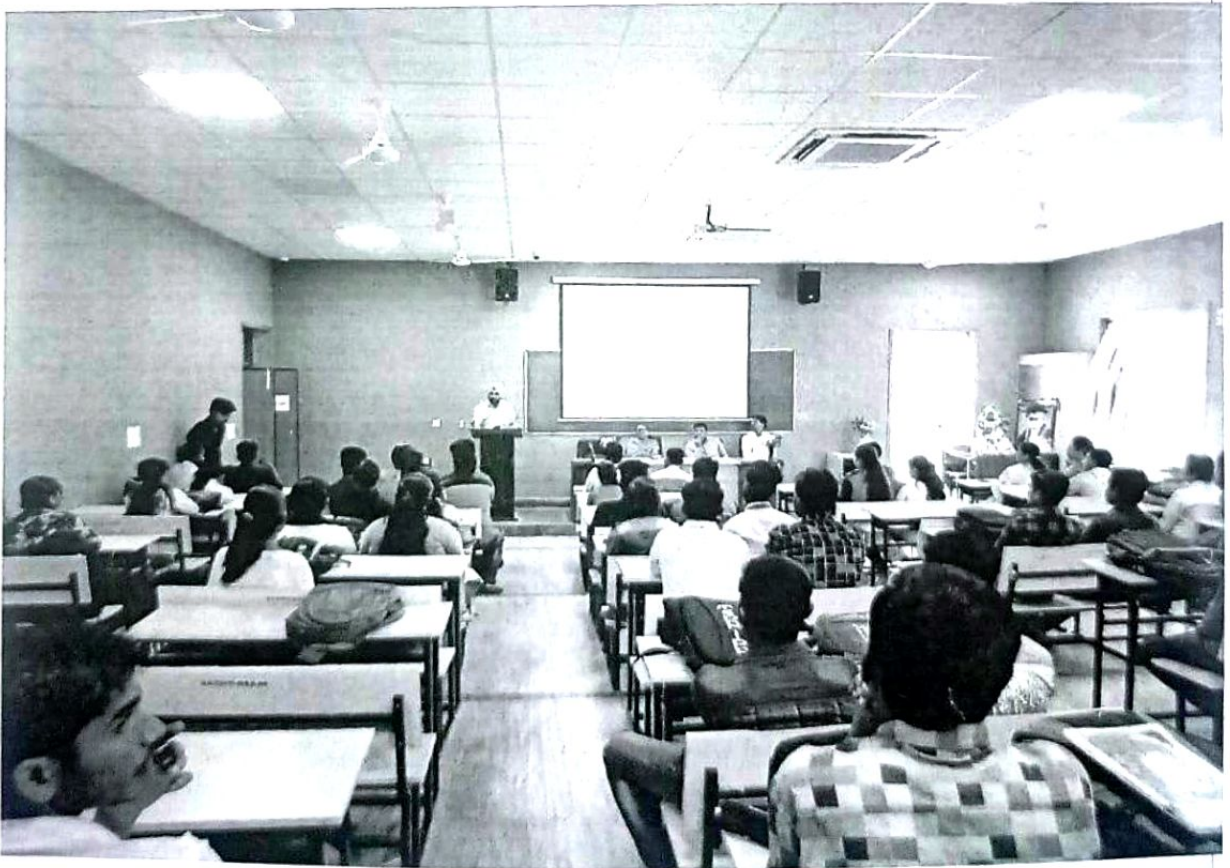

The topics chosen by the students, the statistics shown by them, the ideas and all their concerns through their speeches show their awareness and vigilance. All through the programme the students seated in the audience and the wave of young ideas coming through the dais gave a deepening and profound ambience to the lecture hall.

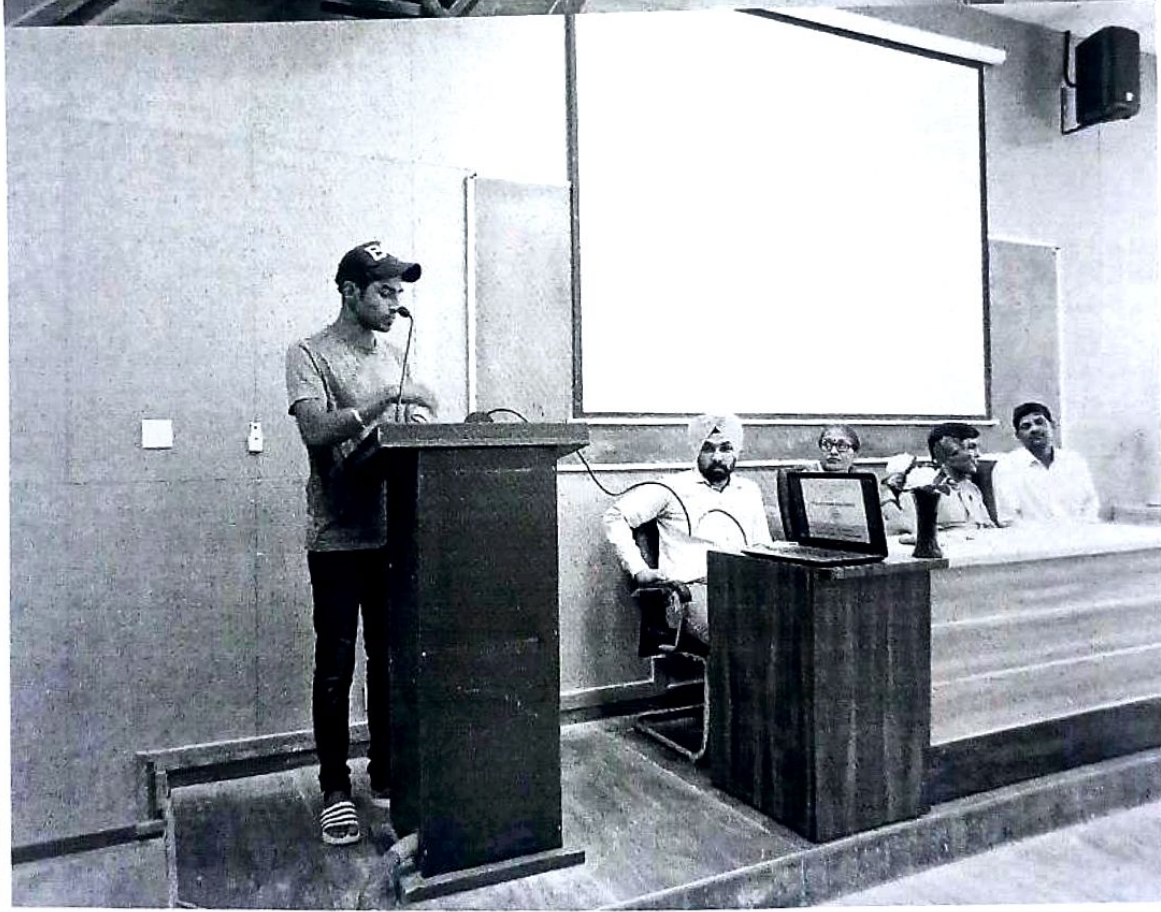

With the all presentations getting over, the chairperson took to the dais and overwhelmingly welcomed the students for their diligence and awareness on various issues. Dr. Dubey also instructed them to keep equilibrium between what you say and practice. With the chairperson ending note it was announced that students will be presented with certificates for participation. Valedictory speech was given by Niranjana Choudhary (B.A.B.Ed. 5th sem) thanking the students to show their interest and the teachers to give them a nice platform, preparation and motivation to achieve better in life. The major takeaways of the seminar are like this-

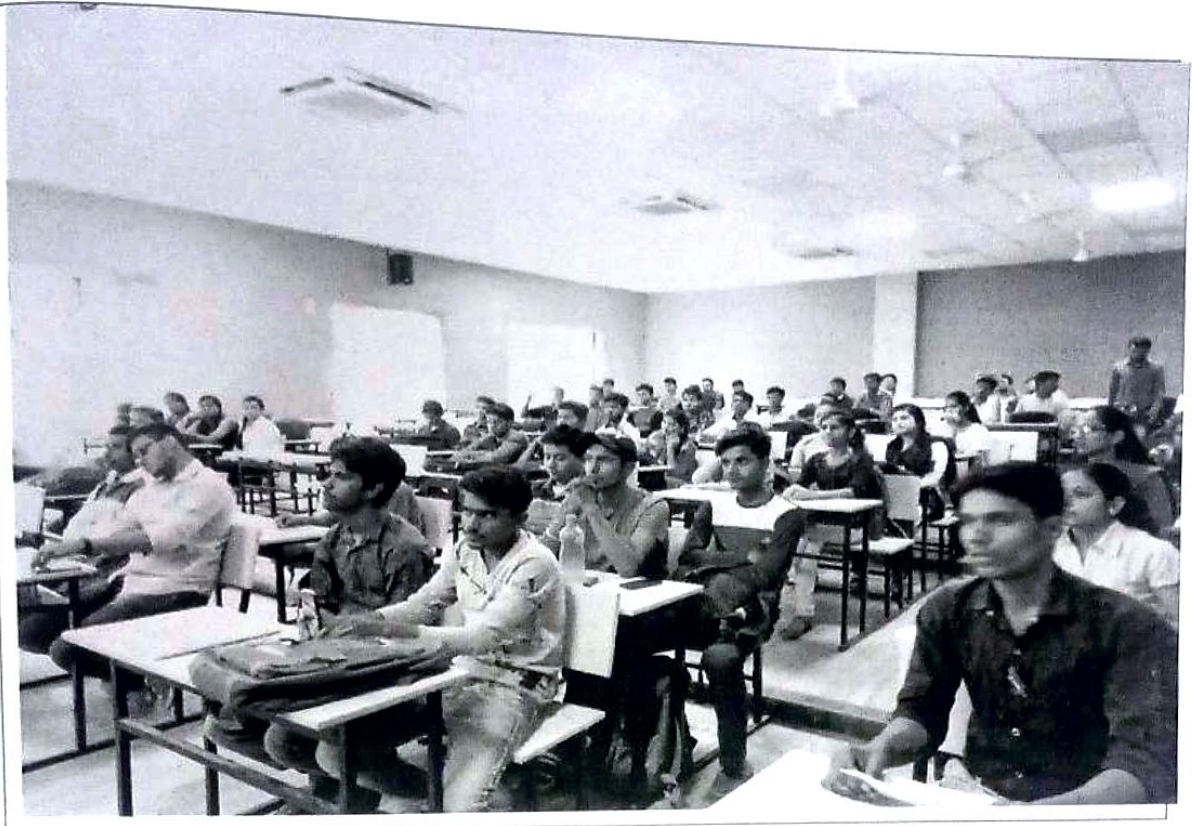

- Improvement in **teacher training** and their relationships with the students
- **Education of citizenship** is most important and it initiate at before the age of 17
- Institution will provide '**Best Teacher Award**' in every year
- **Sports** as one of the foremost priority in early education
- Compulsion of **sex education** at Secondary Stage
- Provide good and sufficient infrastructure facilities to the students
- Improvement in the curriculum like create practical content in the course curriculum
- Education is the way to renaissance
- Family and parent education system

The seminar gave an opportunity for a better communication of thoughts, refinement of ideas and way to assimilate knowledge in its true sense. Enthusiastic participation of the students has made such programs to be conducted with more zeal in the future.
