Professor M. Latif Khan
Ecology and the Environment Laboratory
Department of Botany
Dr. H.S. Gour Central University
Sagar (MP) 470 003
INDIA

Dear Professor Khan,

I would like to thank you for agreeing to supervise Mr. Kyle Grant, a graduate student working under my supervision at Concordia University as a visiting student at the Dr. Harisingh Gour Vishwa Vidyalaya (Central University) during the period from 13 October 2019 through 30 March 2020. Kyle Grant will be working under your mentorship during this period and most of his field research will be in the Western Ghats region. Student mentorship of this nature further strengthens the research and scholarly collaborations between Concordia University and Dr. H.S Gour Vishwa Vidyalaya, two member universities of the Shastri Indo-Canadian Institute and your contribution for enhancing India-Canada intellectual and cultural activities is greatly appreciated.

Thanking you,

Sincerely,

Selvadurai Dayanandan, PhD
Professor of Biology and Council Member, Shastri Indo-Canadian Institute
