International Conference

on

Recent Trends in Mathematical, Physical & Computational Sciences

ICRTMPCS-2019

December 12-14, 2019

Under the Aegis of Silver Jubilee Celebration
of International Academy of Physical Sciences (IAPS)

Organized By

Department of Mathematics & Statistics
School of Mathematical & Physical Sciences
Doctor Harisingh Gour Vishwavidyalaya
(A Central University)
Sagar-470 003 M.P., India

Aims and Objectives of the Conference

The international conference on 'Recent Trends in Mathematical, Physical & Computational Sciences' aims to bring together leading scientists and researchers from Institutes, Universities and Industries across the world to exchange and share their experiences and research results on all core and allied branches of Mathematical, Physical and Computational Sciences. To foster and conduct collaborative interdisciplinary, intra-disciplinary research, it provides a forum for the dissemination and discussion of the most recent innovations, trends and the practical challenges encountered and solutions provided in theory and practice. To encourage the personals engaged in the above fields and to maintain the integrity and competence, it recognizes the outstanding contributions of young scientists and others by providing awards and fellowships.

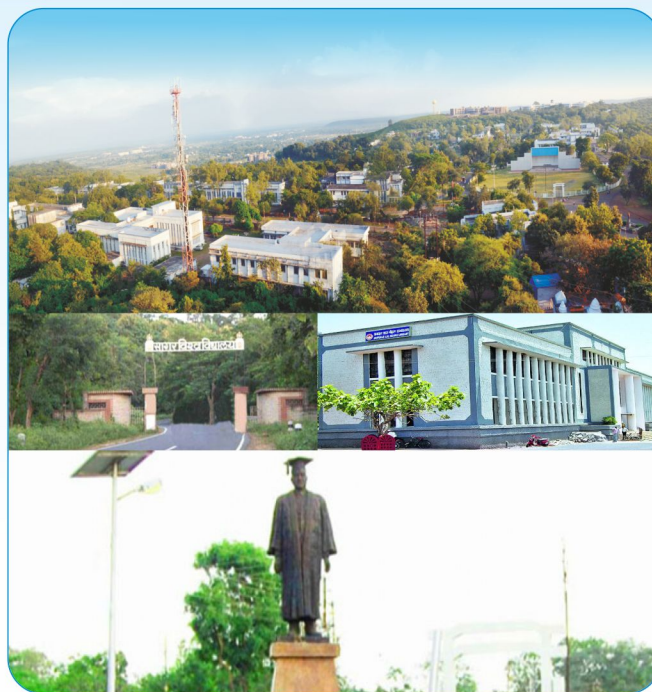

The International Academy of Physical Sciences (IAPS) is a prominent society and it is actively involved to the promotion of scientific research in physical science for last two decades. IAPS is celebrating its silver jubilee year of its foundation. On this occasion, society has planned to organize twenty five conferences worldwide including ICRTMPCS-2019.

Scope and Call for Contributions

The scope of the conference is to cover broad spectrum of Mathematics, Physics, Statistics, Computer Sciences and other allied fields. Innovative authors are kindly invited to contribute and to shape the conference through their high quality research papers related to the themes and topics of the conference describing original and unpublished results of conceptual, constructive, empirical, experimental or theoretical work.

About University

Dr. Harisingh Gour Vishwavidyalaya Sagar (A Central University), formerly University of Saugor, was established on 18th July 1946 by Dr. Sir Hari Singh Gour by his lifetime saving. It is the oldest and the biggest University of Madhya Pradesh. The University is situated 5 km east of Sagar city and its campus covers an area of 1312.89 acres over Pathariya Hills connected to the Vindhya Range, surrounded by lush green forests. It has 36 teaching departments, 11 schools and 175 affiliated colleges. The Department of Mathematics & Statistics is one of the oldest department of University.

About City

Sagar (formerly Saugor) is a city in the state of Madhya Pradesh in central India and situated on a spur of the Vindhya Range. The city is around 172 km northeast of state capital, Bhopal. The temperature of Sagar in December will be approx 15°C. It is also known as Switzerland of M.P.
