PREFACE

We have chosen this Boutique to make our project on it. We had a good time while doing the survey and gathering the information about the topics, and then developing a fictitious company into a project.

The project is basically about the Business Plan of the day care centre. We also used the source of internet for gathering information. We think that we have done our job in making the business plan. We hope that we have given all the complete information required by our teacher, and hope that our hard work pays off.
