1.2: Teaching-Learning Process

The Department endorses an interdisciplinary approaches keeping in the view of blending of Applied Sociology with a strong foundation of Basic/theoretical Sociology. The Department has encourages the ethics of learning in which students are given an opportunity to participate actively in academic discussions and discourses. It has encourages the system of “Group Learning” by forming small groups of students in each semester to develop sociological perspectives among them towards the contemporary issues and problems relating to regional, national and international level. The curriculum design of the Department mainly follows three broad approaches;

- (a) Theoretical/conceptual approach,
- (b) Regional specificity and national specificity
- (c) Practical applicability
