

Teaching, Learning and Evaluation-

- Regular teaching with complete courses covered in class.
- Teaching is done in Hindi to make sure students understand the subject being taught.
- Periodic evaluation is done to assess student progression in learning.
- Evaluation is done in every semester through one mid, one assignment and one end semester examination. After first mid exam corrected answer sheets are shown to students so that they can understand their mistakes and improve upon them in future.
- Assignments give students a chance to do some independent research on interesting topic in syllabus.
- End semester exam finally evaluates what students have learnt during the semester.
- Students also get a chance to elect one course from outside their subjects in masters to broaden their horizon.
- Students in under graduation get more choices to study other subjects as they have eight elective papers.
- Teachers from department also teach Political Science to Law students in BA LLB course and to students of Education departments in BA BEd programmes.
